there was to be done was to be considered — But the point whether the subject as embodied justified election being held on that day seems to have been discussed and a majority was in favour of the election It is true also that there are no special rules relating to such elections and they have been treated in the same way as elections for Committees though obviously there is a difference between elections to Committees of the Municipal Council and to an independent body like the Port Board They required more formality and it would have been better if nomination papers had been called for It seems probable that the absence of some of the members may have been influenced by some other motive on the whole however I think it may be better under the circumstances to cancel the election. The legal Remembrancer may be consulted

The Chief Secretary to the Government of His Highness the Maharaja of Mysore,

BANGALORE

Sir,

We the following Municipal Councillors beg to submit the following for the kind and immediate consideration of the Government

The President of the Municipal Council placed the following letter on the Agenda of the meeting held on 31st January 1931 as subject No 286 -

"Letter No 975 dated 24th January 1931 from the Chairman of the City Improvement Trust Board Mysore, requesting to arrange for a fresh election of two Councillors to serve as Trustees as the term of the present Trustees (Messrs Mohamed Sait and K Thanakoti Chetti) expires on the 12th April 1931"

Messrs T S Ali Khan Mohamed Sait and A J Ram were absent from the meeting The Agenda was a heavy one and before the above ~~subject~~ letter came up for consideration it was suggested that the remaining subjects may be adjourned The President expressed the same opinion And with this idea a number of Municipal Councillors left the Council Hall as it was late

After they left the Hall some of the Councillors proposed that the above subject No 286 should be taken up that day alone Some others opposed it on various grounds Yet by a majority the Council voted for taking up the subject that day alone

The subject was taken up and the proceeded at once to elect by ballot even without nominating candidates We were not sure that the election itself would take placethat day

and that the placing of the letter was only to arrange for the election on a subsequent date

The election is invalid for the following reasons -

1 That the letter from the Chairman of the Trust Board was only to arrange for a fresh election and there was no subject on the Agenda that two Councillors were to be elected on that day It was therefore not possible for intending candidates to intimate their desire to the members of the Council

2 Evidently only a section of the House was made aware of the fact that the election would take place that day alone (how and when we are not aware) as the election itself clearly goes to show that there was previous canvassing

3 That there was no nominations of candidates for the two places as the members of the House had not the names of candidates before them to exercise their preference for two persons among the candidates

That there cannot be an election by ballot without nominations of candidates

That there was no need for the Chairman to have sent the letter asking for election so many months in advance and for the President to have held the election without previously giving information to the members of the Council that the election would be held on 31-1-1931

That the President of the City Municipal Council and the Chairman of the Trust Board has displayed an unusual and inexplicable haste in the matter his conduct

That further it was altogether a misdirection when some of the members were given to understand that the remaining subjects including the one relating to the election of the two members, we

be adjourned for the next meeting.

We feel that the present election is a grave injustice a as such may not be approved by the Government

We may be permitted to add that that the reasons given by the President that the election was necessary to get the approc of the Government in time is altogether untenable At no time was there such haste in the such an election and even election to the Municipal Council are held only a month before the constitution of the new Council

We therefore request you to be so good as not to confirm the election and order a proper election to the Trust Board

We beg to remain,
Sir

SIR,

Referring to your letter No L 7006/Ml 11-30-31 dated the 2nd March 1931 regarding the election of two Municipal Councillors to the Trust Board I have the honour to state as follows -

As usual the meeting commenced as soon as there was quorum and late comers joined us one by one The total number present that day was 25 excluding the President Out of these 25 the number of persons who had left the meeting before the subject of election of representatives to the Trust Board came up were seven They are Messrs K Dhanakotichetty Y Virupakshiah Dharmaprakasa D Banumiah Dr Willway M K Madhava Rao Powar P S Ramaswamiengar and M Rama Rao Of these Mr M Rama Rao and Dr Willway had left the meeting earlier with the permission of the President as they had to attend to some other urgent work Eighteen Councillors besides the President were present at the time of election of representatives to the Trust Board This is much more than the usual attendarce at the meetings of the Council There were a large number of elections from the Members of the Municipal Council to the several committees on that day and my impression as to why Messrs Dharmaprakasa D Banumiah and K Dhanakotichetty left the meeting was their disappointmen in losing their seats from important committees by a large adverse majority and perhaps the natural despondency about any of them - getting elected to the Trust Board To prevent the election of - Members to the Trust Board on that day it was suggested by one

one of them that the remaining subjects might be adjourned but the majority stuck up to and got through the agenda There was no motion for adjournment and the duty of the President was - clearly explained to be that of getting through the whole agenda in the absence of an adjournment motion even though there was no harm if the election of Members to the Trust Board were adjourned to the next meeting It will thus be seen that the number of Councillors who left, form a very very small fraction of the - number of Councillors who preferred to get through the whole - agenda An extract of the proceedings of the Council relating to this subject as confirmed by the Council is herein enclosed It will be seen therefrom that it was contested as to whether the election should be held that day and a very large majority wanted the subject to be taken up that day only Messrs H C Dasappa P N Sangappa and V T Armugam Modaliar who of course must be signatories to the petition to Government had their say in the Council There was therefore no justification for any impression on the part of the few who left the meeting early that the election to the Trust Board would not take place that day

It is not usual to call for nomination papers for elections in the Council except where it is expressly required by the rules and for none of the elections to the several committees held on that same day to which many of the signatories to the present - petition were parties nomination papers were called for It has never been the practice and no nomination papers were - called for even in the election to the Trust Board on the last - occasion

The elections are quite in order as the Chairman's letter asking for the election of two Councillors and communication of the result to the Trust Board was in the agenda of the meeting A comparison of the list of absentees at the meeting for the - election of Vice President herein enclosed with the signatories of the present petition would reveal the ulterior motive behind

behind the present petition namely, to try to nullify or prevent an election Having no chance of getting the confidence of the majority in the Council this method has been resorted to, merely to tease the successful candidates

As it was necessary that the representatives to the Trust Board should be as representative of the Council as possible this subject was included in the agenda of the meeting where numerous other elections relating to the Council had been fixed to take place and on which account unusually numerous attendance would be secured As expected 26 Members attended the meeting Two members have been elected to the Trust Board by an overwhelming majority

In these circumstances it is requested that the Government may be pleased to approve of the election of Messrs C Narasimhayya and A Krishna Rao to the Trust Board

I have the honour to be

Sir

Your most obedient servant

President and Chairman
